## Nursing in Sweden

*Swedish hospitals and public health care centres are looking for medical specialists*

Healthcare in Sweden is a public responsibility, financed primarily through taxes and performed by county councils and municipalities.

### License to practice as a nurse responsible for general care

If you want to work as a nurse responsible for general care in Sweden, you need a Swedish licence. You need to get your qualifications recognised and you need to have language skills in Swedish, Danish or Norwegian.

You apply for a license to practice at The National Board of Health and Welfare (*Socialstyrelsen*).

### Nursing training in Sweden:

*Nurse within general care*

Basic training – 3 years at University/College

*Specialised nursing – 12 to 18 month additional training within following areas:*

Intensive care ● Anaesthetic nursing ● Operating room nursing ● Pre-hospital nursing ● Surgical nursing ● Oncological nursing ● Paediatric care ● Psychiatric care ● Primary health care ● Geriatric care ● Midwife ●

*Others*

Radiology nurse – 3 years at University/College
